

Om Parchani

Web Developer

Hi I'm a skilled web developer with experience in front-end development and social media marketing. I holds an M.C.A. from Vivekananda Institute of Professional Studies and a B.C.A. from Sri Guru Tegh Bahadur Institute of Management and Information Technology. My technical expertise includes HTML, CSS, JavaScript, React.js, Python, and C++. I have worked on projects such as an e-commerce website, a face recognition system, and an AI voice assistant. He has interned at Go Genius Solutions, contributing to website development and API integration, and at Social Arora, managing influencer accounts and brand promotions.

PERSONAL PROJECTS

E-Sports Gadget Store

- GAMER's SPOT (e-commerce website) is one that allows people to buy physical goods, and digital products over the internet rather than at a brick-and-mortar location. Through a GAMER's SPOT (e-commerce website), a business can process orders, accept payments, manage shipping and logistics, and provide customer service.

Face Recognition System

- A face recognition system could also be a technology which is very capable of matching a personality's face from a digital image or a video frame which it has or use it as a reference to map and identify against an info of faces.

Basic AI voice assistant

- An AI voice assistant designed to enhance user productivity and convenience through natural language interaction. Utilizes cutting-edge speech recognition and text-to-speech technologies to interpret user commands and provide intelligent responses.

Media Control

- Our innovative Gesture-Based Video Controller merges computer vision and web automation to enable YouTube video playback control through hand gestures. Utilizing Python along with MediaPipe, OpenCV, and Selenium WebDriver.

Voice-Gmail

- The VoiceMail Assistant is a pioneering software application designed to revolutionize email management, particularly within Gmail accounts. Utilizing advanced voice technology, it offers users a hands-free and intuitive approach to managing email correspondence.
